AARON GROSS

EXPERIENCE

Full Stack Developer - Student

DigitalCrafts | Atlanta, GA | February 2018 – May 2018

DigitalCrafts is a top-rated coding bootcamp teaching the fundamentals of programming through an intensive classroom experience, transforming beginners into full-stack software engineers with cutting-edge skill sets. During the bootcamp, I learned:

• Languages and Libraries - Javascript, React, Redux, Node, Express, PostgreSQL, Socket.io, HTML, CSS, and Python

• Created mobile and desktop web applications in a collaborative team environment.

• Used GitHub to manage projects and code review.

• Followed a SCRUM / AGILE process for development and used Trello to track stories.

Recent projects (more on my website):

• RPS Deathmatch - Users can play a real-time, online tournament of Rock-Paper-Scissors. Built as a second screen experience, Players control the game via their phones.

• WalkMe - A web app for walking tour enthusiasts and city explorers. Users can browse, rate, and create community-made walking tours anywhere in the world.

Sr. Managing Video Producer

Udacity | Atlanta, GA | July 2014 – February 2018

During my time at Udacity, I lead the video team in charge of creating Georgia Tech's Online Master of Computer Science degree. The program now has over 6,365 students enrolled respresenting 100+ countries making it the largest CS masters program in the world. During development, my duties included:

• Oversaw a team of four video producers, twenty plus design contractors and one intern.

• Kept multiple projects on task through SCRUM and 1:1 check-ins.

• Maintain relationships between SMEs, Georgia Tech Professional Education and Udacity.

• Proficiency in all graphic and video Adobe CC programs.

Video Production Specialist

Udacity | Atlanta, GA | August 2013 – July 2014

• Created the following courses for Georgia Tech's Online Masters of Computer Science Degree: Machine Learning, Knowledge-Based Artificial Intelligence, and Computational Photography.
